Perkins Creek

(Crowded out last week.)

Health is good in this locality. We are having plenty of rain at this writing.

Sowing wheat is the order of the day. Most of the farmers are sowing large crops.

Silas Green and family visited at A. P. McKelvey's Sunday.

A. E. Myers and wife visited near Zalma Saturday night and Sunday.

Messrs. Henry and Willie Liley visited at Henry Cooper's Saturday night and Sunday and attended church at Grassy.

Our teacher, Edward Slinkard, visited home folks Saturday night and Sunday.

G. W. Stitts was at Henry Cooper's Monday, buying cattle.

Henry Myers and wife visited at Emily Gray's Sunday.

John Cobble and wife visited at Hays Eaker's Sunday.

George Pittman and wife visited at Chas. Barker's Sunday.

Frank Myers visited at Henry Cooper's Sunday and attended church at Grassy.

W. M. Patterson and family visited near Zalma the last week.

Willie Francis made a business trip to Zalma Monday.

Our school is progressing nicely under the careful management of Edward Slinkard.

If this misses the waste basket I will try my hand again. Two Cheers.

Olathe, Colorado.

People are well in this part of the country and enjoying life in the superlative degree and seem to be busy with their onions and potatoes.

Ben Whitener and family are going to leave here for Oklahoma next week. I suppose he thinks he will find a better place than Colorado, but I don't know.

Well, we are having plenty of rain out here now. So I hear that people are very much encouraged with the fine rains they have been having.

J. C. Priddy's have moved into Olathe lately. He says he likes the country better every day.

Amon Beal moved the other day too. He is one that likes to live in town too.

Everybody who hasn't already made arrangements for employment this winter is looking out for it now. But there is lots of work yet to do before winter begins. Have all kinds of spuds to pick up yet and onions to sack.

Otto Priddy has a big girl. He thinks he has the only girl now.

Tom McKelvey and family were the guests of Core Cooper Sunday.

Marvin Priddy and family visited his father's Sunday and Uncle Roll Rhodes and Uncle Bud Whetstone also.

Core Cooper was in town Saturday for a barrel of water.

Zach Rhodes purchased him a nice cow to-day.

Let us west people hear from old Missouri quite often. Come on, "Black Eyes."

Success to The Press and all its readers.

ANOTHER FROM OLATHE, COLO

DEAR EDITOR: Having seen the

piece in last week's issue of The Press from Olathe, we would like to say

that the writer must have been homesick, indeed. We, too, have

lived in Missouri and know what a

grand old state it is, but that minister—if they have such a minister—

as surely seen more prosperous

parts of Missouri than the southeast-

ern. While we love every foot of

Missouri's soil we prefer to test other

country longer than one month.

Being from Missouri, we expect

to stay here in Colorado until we

are shown whether or not Missouri

is the only place on the map. Colo-

rado can show an abundance of

storms, tornadoes, floods and drouths, cold waves and the earthquakes have been predicted during these twenty-two years and careful observers testify that 95 per cent of these predictions have been verified. There is nothing occult about the predictions, but they are made on a scientific basis. The 1915 Almanac contains 144 pages with covers printed in colors. The weather forecasts are fully illustrated and there are many other illustrations in the book. This great book will be ready November 15, 1914. RETAIL PRICE, 30c.

We Ask You to Read and Reflect

During the week ending September 30th, 1914, the Globe Farmers' Town

Mutual Fire, Tornado, Cyclone and

Windstorm Insurance Co., of Rock

Port, Mo., was examined by an

auditor from the State Insurance

Department, as is required by law

governing town mutual insurance

companies, and in much the same

manner as the banks of the state are

examined. Below we publish a part

of the report made by the examiner:

Amount of assessable contracts and assessable notes held by the company, \$1,090,342.93

Automobiles, \$ 751,750.00

Frame and brick dwellings and contents, 164,836.00

Brick business houses and contents, 180,414.00

Total, \$1,097,000.00

All policies written cover fire, tornado, cyclone and windstorm.

The company pays no salaries.

The Secretary and Treasurer each furnish a bond of \$10,000.00.

The automobile insurance is kept separate and distinct from that of dwellings, business houses, etc.

When losses occur on automobiles an assessment is levied on automobile policy-holders only. Same applies to dwellings, etc.

Respectfully submitted,

HARRY M. SULLY, Special Examiner.

Nearly all policies are written for a term of five years.

Agents wanted in each town and city in Missouri, to write insurance on automobiles and buildings and contents. Write H. F. Stapel, Secretary, Rock Port, Mo.

Remember, the Rock Port Mutuals have paid over \$100,000 in losses.

Over fifty per cent of old line rates saved in some of these companies during past twenty-five years.
